## Certificate of Treatment

To whom it may concern

This is to certify that the below wood products have been Incised/Pressure-treated in accordance with the conditions outlined in the Canadian Standards Association 080 for Use Category (UC) 1, 2, 3.1 and 3.2 (Current Edition – March 2008).

The preservative used in this treatment is certified to be "CCA" as described in the CSA 080 (Current Edition – March 2008).

The material in this order was treated to a total retention of "0.80" or till refusal.

**Sold to:** Trans Canada Forest Products.

**Contents:**  
3x12 16' & 20' Incised and CCA treated.

Quality Control inspected after treatment.

I certify the above to be true and valid information.
